Education Secretary's Memo

For the Dewan's Orders

Dated 17 Nov 1850

Mr King Headmaster of the
Shimoga College applies
for a monthly allowance
of Rs 40 for himself,
as he finds the free
quarters given to him by
Government to be unhealthy.
He and his family have
constantly suffered from
fever. The house is situ-
ated on the margin of
a tank, and the North-
East wind blows the
malarial germs generated
in the decaying sedge into
the house. Drs Chokar &
Fernandes have both
emphatically stated that
the house is quite unsuited
for a family residence.
Mr King proposes to rent
the house which will be
vacated by Mr Nagarathar.
The Executive Engineer trans-
ferred to Hassan. The
Headmaster's quarters
he suggests may be used
as tiffin room, a board-
ing house or an industrial

Please give Rs 30/-
House rent & use

school There has been
some correspondence on
the subject of providing
tiffin rooms, and Mr
Madhava Rao late Deputy
Comm^r of Shimoga wrote
to say they were very necessary.
If a well be sunk in
the compound the head-
master's quarters will
do very well as Tiffin
rooms

Under these circum-
stances a monthly rent
of Rs 30, the amount
sanctioned for Mr deon
and on his transfer

Mr Mysore to Bangalore - a
may be sanctioned for
a healthy house makes
a world of difference
in the vigour and
work of a headmaster

Blatha Esqr M.

Education Secretary,

Sir

I have the honour to write to you kind con-
sideration of the question contained in this letter - a
question of great import to my family, and myself

The quarters I occupy, situated as they are on
the margin of a tank, are exposed to the bleak Nor-
Easters that blow across it and to the malarial per-
petrated in its decaying sedge as a consequence
they are very unhealthy, the more so is my long
exposure of them to a predisposed my constitution
miasmatic influences That this is so is eviden-
the fact that in every successive year for the three
past I have invariably had an attack of Fever an-
nual about the same period - the close of the year
or son had a severe attack of Typhoid last year &
within the past three weeks I have been down with
malaria and my elder daughter and younger son
have had each two attacks Dr Chokke and Ferna
have both emphatically stated that the house is quite

suitable for a family residence so far as need by their condemnation of the quarters and the locality I am forced to keep Mrs King and ^{the} younger children in Bangalore

The choice of a convenient dwelling place has been with me hitherto that of Hobson - what could not be cured had to be endured, but now as a choice, indeed offers itself in the Bungalow of the Executive Engineer, soon to be vacated by him on account of his transfer to Hassan, I beg to suggest that the Government will kindly allow me Rs 140 a month, the rent required by the owner, so as to enable me to live in a healthy residence and on a healthy spot, thus both preserving and conserving my strength and energy for my duties

In the event of no free quarters being provided me here I presume I would have been allowed Rs 30 a month, as my predecessor Mr Leonard was allowed on his transfer to Bangalore, but as the Bungalow I have in view, cannot be had for that sum, I beg that as a special case the rent applied for be granted. The late Head Master of the Hassan High School though nominally allowed Rs 15 per mensem for quarters, had the amount increased to Rs 24 when he had to vacate the house allotted to him by Government, as the building he tenanted in consequence, could not be had under that sum

In connection with this matter I may also draw

N 5

attention to the facility the present premises afford of
ing a tiffin room, a boarding house and a technical
School if need be established in the Institution here W.
the sinking of a well at a comparatively small cost the
question of providing rooms for the luncheon of boys and
masters could be easily settled this necessity being al-
ready under consideration

Trusting that my request may have a favour-
able hearing

I have the honour to remain

Sir

Your obedient Servant

Alfred King
